[kollektion@roethlisberger.ch](mailto:kollektion@roethlisberger.ch)  
[www.roethlisberger.ch](http://www.roethlisberger.ch)Orders, packing  
and delivery

All orders and delivery dates will be confirmed by e-mail. The delivery date indicated is ex factory. If, by exception we cannot deliver the merchandise on the con-firmed delivery date, the order cannot be cancelled and no claims will be accepted for compensation. All costs are ex-factory. Delivery to private residences will be charged extra, please ask for details. In the event that a delivery cannot be handled by the driver alone, the dealer will make additional assistance available. Suitable packing for furniture is included in the price. Any additional packing will be charged extra. Cardboard boxes may be given back to the delivering transport company. The retailer must inspect the furniture immediately upon arrival and report any damage, in writing, within 6 days to the transport company that delivered the merchandise.

Guarantee

The material and construction of the furniture is guaranteed against any defect, provided this is not due to improper use or some other fault of the buyer, for 5 years (Lamps 2 years) from the date of delivery. The choice either to repair or replace the damaged part is at our discretion.

Payment

Conditions of payment are explained in our invoice. Change of prices reserved.  
The merchandise remains our property until it is paid in full.

Legal

In case of disputes, we will negotiate with you first. If it is not possible to find a compromise, the sole court of jurisdiction will be the regional court in Bern.

Designers

Aebi & Vincent, Atelier Oi, Tomek Archer, Tomoko Azumi, Susi and Ueli Berger, Iria Degen Interiors, Hans Eichenberger, Barbara Etter, Marc Gerber, Carmen and Urs Greutmann Bolzern, Gavin Harris, Trix and Robert Haussmann, Teo Jakob, Ubald Klug, Koni Ochsner, Henry Pilcher, Peter Röthlisberger, Moritz Schmid, Hanspeter Steiger, Stefan Zwicky.

Wood and stone  
are natural products

Differences in shade and natural structure are indications of authenticity, not defects. Our natural products material samples are indicative and, the customer agrees to accept the tolerances with the submission of his order. For an extra charge, we can send a more accurate sample. Wood is hygroscopic, that means it changes its volume depending on the degree of the relative humidity of the air. We have a very strict criteria for selecting our timber, and it is processed to a very high standard. Nevertheless, at very high or very low levels of humidity, wood can expand or contract and this may cause damage to the furniture. Please ensure, therefore, that the relative humidity in the room is always between 45% - 75%.

Samples

Standard wood samples are made available at no extra charge.  
Custom stains, wood or samples are available upon request for a flat rate of 250.00 Swiss francs. Subject to modification.

## Solid wood

- Oak

Tomoko Azumi

The Japanese designer Tomoko Azumi combines tradition and innovative craftsmanship with her modern interpretation of the Stabellen chair. The seat and turned legs are in solid wood, while the back-rests vary in thickness and are laminated three dimensional for strength and comfort.

Design Prize Switzerland 2017.

Marc Gerber

Conte combines modern design with technology and tradition. The lounge chair is available in two heights and with a choice of textile or leather. The 3D formed seat and backrest are folded like a piece of paper which gives Conte its unique character. The seat geometry is deliberately upright which makes it easier to sit down and get up. The upholstery elegantly follows the outer contours of the moulded shells. Additional lumbar padding supports both upright and relaxed sitting. Conte is truly an armchair with expression. A lounge chair for various living situations or unique retail projects.

**Allumette****Solid wood**

- Smoked oak

Atelier Oi

The striking appearance of this armchair comes from the filigree framework design. The armchair is very comfortable and adds an extremely prestigious touch to living rooms or reception areas, thanks to its sturdy and distinctive appearance. Available with individually selectable coverings and cushions.

Aebi &amp; Vincent

Rik is available in six different heights and can be used as a coffee table, side table, bistro table or hall table. The cast-iron pedestal gives it the needed sturdiness, the tailored steel tubing, the visual lightness. The table top is available in numerous versions, including some suitable for outdoor use.

## Winku

## Solid wood

- Oak

Other wood types  
and finishes  
on request

Marc Gerber

The table legs are made of solid timber elements. They are rotated at a 45° angle, presenting them in a new light. The precise wood joints wedge together like a firm handshake and are tightened with two nitrided wing nuts. The solid oak table top is fixed with one grub screw per leg. Winku is suitable for use in living spaces, as well as conference rooms or as a work and office table. As a flat-pack piece of furniture, transportation and assembly are simple and convenient.

| h 74<br>l x w |  | Oak natural effect<br>Oak black |
|---------------|---|---------------------------------|
| 220 x 90      | 4-8   | 4'780.00                        |
| 220 x 100     | 4-8   | 4'953.00                        |
| 240 x 90      | 6-8   | 4'921.00                        |
| 240 x 100     | 6-8   | 5'110.00                        |
| 260 x 90      | 6-10  | 5'062.00                        |
| 260 x 100     | 6-10  | 5'314.00                        |
| 280 x 90      | 8-10  | 5'203.00                        |
| 280 x 100     | 8-10  | 5'423.00                        |

## Calculate custom sizes:

Prices for in between sizes are calculated according to the price for the next size up.

For example, oak natural effect:

|               |            |          |
|---------------|------------|----------|
| Standard size | 220 x 90 = | 4'780.00 |
| > custom size | 230 x 90 = | 4'921.00 |
| Standard size | 240 x 90 = | 4'921.00 |

## Surcharges:

|  |        |
|--|--------|
| Table stained according to smoked oak          | 250.00 |
| Table stained according to customer's sample   | 420.00 |
| Table open-pore lacquered according to RAL/NCS | 845.00 |

For table electrification solutions please see page 26.

## Takushi

## Solid wood

- Oak
- Black walnut

Other wood types  
and finishes  
on request

Gavin Harris

The legs are made in moulded plywood, hollow like a half-pipe, which allows interesting views of the table construction and floor. Hand made, solid wood table legs available upon request. Takushi is suitable for use in homes or conference rooms or can be used as a work table and desk. Takushi comes with a specially developed system of removable legs in sizes up to 300 x 100 cm possible. iF Design Award 2014.

**At-At****Solid wood**

- Light oak
- Black oak

Tomoko Azumi &amp; Barbara Etter

The graceful, yet functional desk. It offers space for laptops, mobile phones, tablets, etc. Cables can be stowed in a special compartment. Made from light or black-stained oak. Leather-lined recess for writing instruments. iF Design Award 2009.

w 88, d 45.5, h 91.5

4'491.00

Writing surface open: d 54.5 cm, closed: d 32 cm

**Ovolo**

Moritz Schmid

Ovolo combines the functionality of a desk with the aesthetics of a secretary. The elegant desk top flows smoothly into the characteristic dip at the back, which serves as a storage area for writing utensils, cables or tablets. The angled backboard is magnetic and extends and structures the work surface. Solid wood partitions create separate sections and also function as bookends.

Wood shell

## Veneer

- Oak

## Solid wood

- Arura Vermelho

- Oak

Moritz Schmid

Etagé – the wrap-around wooden shell can be moved vertically between levels, to either conceal or display – as desired. The wooden shell can easily be incrementally locked into position acting as a sophisticated cover in spite of its functionality and rigidity. “Etagé” is a furniture item that can be used as a sideboard, as well as a book or storage unit. The “Bloc” bookends and flexible small shelf boards complement Etagé perfectly. The wrap-around wooden shell and Bloc bookends are available in natural effect oak or black lacquer (NCS S 8005-R 20B). The base is natural oak, the sliders of arura vermelho. Design Prize Switzerland 2013.

**Mondrian****Composite wood**

- High gloss finish

Koni Ochsner

Inspired by the colours and space division in the paintings of Piet Mondrian (1872-1944), designer Koni Ochsner designed the Mondrian cupboard in 1976 as functional piece of Efurniture for individualists. The production and the elaborate workmanship involve a lot of handcraft and the maximum gloss level of the surface gives „Mondrian“ its elegant appearance. A mirrored base reflects the floor and creates the illusion of a floating cabinet.

**Object 1**

w 83, d 36, h 162 cm

Incl. above mentioned accessories

**Aviation plywood**

- Birch

**Natural colour differences in industrial manufactured birch aviation plywood may occur because the wood is left natural and not bleached**

**Mirrör**

Peter Röthlisberger

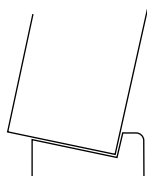

Mirrör's frame is slightly conical, which gives the mirror its elegant touch. It organically expands into a shelf at the bottom, offering the perfect platform for valuable accessories. Wall mounting bracked included.

**Lou Lou****Veneer**

- Light oak
- Dark oak

Iria Degen Interiors

The 2 or 3-section room divider stands out for its extra-light solid wood elements finished in elegant oak veneer. Carefully spaced, diagonally milled slots allow for secure mounting of mirrors, shelves or clothes hooks that can be individually hung at different heights. Lou Lou is available in light or dark stained finish. Further sections may be added on request.

## Block 2

**Solid wood**  
- Smoked oak

Henry Pilcher

A wood design of 30 solid wood slats made of steamed smoked oak surrounds the formpressed aluminium shade. Specially blackened Torx-head screws connect the aluminium star which is finished in the same colour as the lamp shade. The five colours can be expanded with additional colours upon request. Block 2 was designed with an E27 fitting and can thus be used with a standard retail light bulb. Available with LED long-life Globe bulb. Block 2 can be used as a floor or pendant lamp.
